

Lindab rubber fix-it foot

LFIF

Description

The fix-it foot is a practical and versatile support solution for pipe work and cable trays. They can also be used for smaller outdoor condensing units or air source heat pump installations.

The feet have a 41mm x 21mm 'bonded' in channel, which is recessed into the top face allowing you to use standard channel fixings to secure your services to the feet.

Our LFIF range are made from recycled rubber. They also have the added advantage of vibration and noise absorption which makes them the perfect product for roof or ground level installation.

Technical Data

Material Specifications

Recycled SBR Rubber. Bound using a ratio of high quality moisture curing Polyurethane Pre-Polymer. BS7188:1989+A2:2009 and BS EN1176-7:2008

Working Conditions

Suitable for internal or external applications in temperatures between -40°C to +80°C. BSEN60068-2-14.
